

BI-PHASE RECONDITIONER

REVITALIZER FOR DAMAGED AND UNRULY HAIR

15 MULTI BENEFITS

perfectliss

INTELLIGENT TECHNOLOGY

S.O.S
EXTREME REPAIR

Visat has developed the latest trend in the beauty market, the multi-benefit biphasic reconditioning spray 15, suitable for daily use and for all hair types. We find in its formula a blend of like Silk Protein, which protects against future aggressions through a protective film, promoting elasticity and strength. Tamarindo, which acts as a powerful regenerator and reconstructor of the hair fiber. Pantenol, which returns the natural moisture of the threads, extremely emollient leaving easy to comb and a soft and shiny touch on the threads. These noble assets allow 15 multibenefits of S.O.S instant and complete recovery from the first application.

HOW TO USE

- Shake well to mix the BI-PHASE solution.
- Remove excess moisture from the hair with a towel and spray the conditioner with a distance of about 12 inches (30 cm) throughout entire hair.
- Rinsing is not necessary.
- Let it dry naturally or with a blow-dryer, using it as a styling finisher for shine and protection.
- Can be reapplied as many times as desired and will not build up.

The product is available in two sizes:
Professional Line 10.14 fl oz (300ml) packaging
Home Care Line 2.02 fl oz (60ml) packaging

Try out our new product and discover the secret for perfect hair.

The continuous use of the product provides daily restoration with perfect finishing touches at the time of styling.

KEY INGREDIENTS

Hydrolyzed Keratin: A high quality key ingredient that guarantees strength, elasticity and resilience. The hair consists of 90% keratin within the strand, so we invested in the best keratin to replace the 20 amino acids commonly lost such as; Glycine, Alanine, Serine, Cysteine, Tyrosine, Aspartic Acid, Glutamic Acid, Arginine, Histidine, Asparagine, Gleetamin, Proline, Fernilalanine, Valine, Triptolin, Lysine, Leucine, Isoleucine, Methionine, and Threonine, all for total hair reconstruction.

Coconut Milk Protein: It has a high amount of lauric acid which contain vitamins C, B1, B3 and B6, the mineral essences that coat the strand generating a layer that protects from external aggressions, forming a protective film with anti-frizz action, acts as an anti-oxidant, moisturizing hair and leaving it fortified, moisturized and shiny.

Tamarind Extract: Tamarind Extract is rich in vitamins A, B1, B2 and C with minerals such as calcium, phosphorus and iron. It has an action-antioxidant and volume reducer to protect hair against UV rays.

Panthenol: Is the precursor of Pro Vitamin B5 responsible for thickening hair due to its role in absorbing moisture, which is essential for healthy hair. It also promotes complete restoration, has anti-aging properties, thermal protection and creates a silky touch.

15 | MAGICAL BENEFITS

ANTI-FRIZZ ACTION

Realigning hair to keep it straight and disciplined longer.

ANTI-AGING

Anti-aging effect on hair.

MAXIMUM THERMAL PROTECTION

Extreme action of protection against heat from blow-dryers and flat-irons.
