Service guide

STEP BY STEP – MASS REPLENISHMENT

Restored cuticles, treated and disciplined hair.

- 1 Wash your hair twice with the **Revitalizant Shampoo - Step 1** and remove some of the damp with the help of a towel.
- 2 In the washbasin, apply the **Hydrolyzed Keratin - Total Repair Step 2**, massage the hair, pause for 10 minutes and rinse.

In the chair, remove 60% of the excess water with the help of a hair dryer and apply the **De-Frizz Conditioner - Step 3** respecting $\frac{1}{2}$ cm from the root, strand by strand, spreading with a fine comb. Align the strands with the help of a hair dryer and comb or round brush. Flat iron each section up to 6 times in order to seal the cuticles.
- 3
- 4 In the washbasin, finish with the **Stabilizer Mask - Step 4**, massaging the hair with your own hands to spread and distribute the entire product. Pause for 5 minutes. Rinse and finish with **S.O.S Extreme Repair**.
- 5 Purchase and recommend the use of the **Visat Control Home Care** line, for greater result durability.

STEP BY STEP– TOTAL REPAIR BIO-CAUTERIZATION

Disciplined hair with radiant shine

- 1 With damp hair, apply the **Revitalizant Shampoo - Step 1** twice. Remove 60% of the moisture with the help of a hair dryer and divide the hair into 4 parts.
- 2 Start the **De-Frizz Conditioner application - Step 3** respecting $\frac{1}{2}$ cm from the root, section by section, spreading with a fine comb. Align the strands with the help of a hair dryer and comb or round brush.
- 3 Divide the hair into thin strands and flat iron each section 8 times at a temperature of 180°. Rinse and apply the **Stabilizer Mask - Step 4** along the entire hair length. Pause for 5 minutes. Rinse thoroughly.
- 4 Purchase and recommend the use of the **Visat Control Home Care** line, for greater result durability.
